An illustration of a petroleum engineer, a man with a mustache wearing a yellow hard hat and a dark blue uniform with reflective white stripes, standing on the right. He is holding a blue folder. On the left, two children are looking at him. A girl with brown hair, glasses, and a pink bow in her hair is wearing a pink dress and holding rolled-up blueprints. Next to her, a boy with dark skin and curly hair is wearing a blue shirt and white pants, holding a large white sheet of paper. They are standing in front of a stylized industrial background with grey buildings, orange pipes, and smokestacks emitting white smoke. Two speech bubbles are present: one from the boy and one from the girl.

Coalition of Libyan Women Pioneers

The Coalition of Libyan Women Pioneers emerged from the You-Are-A-Pioneer Program with partnership with eight Libyan civil society organizations working on the field of women support.

Women Union in the South - Libyan Organization of Development
I am Libyan, My Son is a Foreigner Organization - For you Libya
Women and Youth Empowering Gathering - Libyan Women
Podium Organization for Development
Dihya Organization for Development - Nitaj Organization

This coalition aims to change the stereotypes of Libyan women, and portray them in a way that reflects their historical struggle and their great contributions.

Women represent half of the world population, but they hold less than 25% of elected positions on the national level around the world.
